

I am a K-LOVE supporter and avid listener in El Paso, Texas. K-LOVE now only plays great Christian music that the whole family can enjoy, but provides outreach opportunities for churches and area Christian groups. If K-LOVE were replaced with a LPFM broadcaster with other programming, the way of life for thousands of El Pasoans would be altered and diminished. Christian music is not something that we just listen to; it is our belief and our way of life. We do not need more stations that the FCC has to worry about censoring; we need to be able to keep K-LOVE in all of the communities that it serves well. How many stations other than K-LOVE actually help suicidal people and save lives with their programming and ministries? How often do teens and their parents enjoy listening to the same station? Please do not change the system and eliminate K-LOVE stations.
